## No. 81.

**SEALED** tenders in the form used in the Commissariat Department (blank forms whereof can be had on application at the Commissariat Office, Madras) will be received by the Executive Commissariat Officer at Madras until 1 o'clock P.M. on the 17th August 1882, and opened by him at the same time and place in presence of those interested, for the supply, by contract, of 149,453lb of either Indian or China black tea (the price of each description to be separately stated) to be delivered at the Commissariat Stores at Madras to the Commissariat Storekeeper-General on or before the 30th day of April 1883 free of all charges whatsoever. No payment will be made on account of such supply prior to the 30th April 1883.

2. Each tender must be accompanied by a receipt from the Secretary, Bank of Madras, acknowledging the payment of a deposit of Rs. (4,000) four thousand, or be accompanied by Government Promissory Notes to the same amount duly endorsed over to the Executive Commissariat Officer, Madras, and in default of both of such deposits the tender will be rejected. Tenders to be sealed and superscribed "Tender for Tea."

3. The deposit of the successful competitor will be retained until he lodges with the Executive Commissariat officer at Madras the sum of Rs. (16,000) sixteen thousand, either in cash or in Government Promissory Notes. If the latter, the notes to be endorsed over to the Executive Commissariat Officer, Madras, for the time being as security for the due fulfilment of his contract. The deposit made with his tender will then be returned to him.

4. The deposits of all, with the exception of that of the successful competitor, will be returned on the decision of Government being received.

5. The successful competitor will be required to sign a contract on the basis of his tender containing the usual provisions in the form used in the Commissariat Department (form whereof can be seen on application to the Commissariat Officer at Madras) and to furnish the requisite security within eight days from the date on which the acceptance of his tender is notified to him. Should the successful competitor fail to sign the contract deed or to furnish the security within the time specified, so much of his deposit will be forfeited as will reasonably compensate Government for such breach of contract, and his tender will be considered as having been rejected. It is, however, to be clearly understood that the forfeiture of the total amount (if necessary) of such deposit for such default shall in no way preclude Government from recovering from the defaulting competitor all such damages as Government may sustain by reason of such default, and that the amount of such deposit is not to be taken as the total amount of compensation payable to Government for such default.

6. The chests containing the tea should be of strong material, and the lead lining thereof sound and strong. Each chest must be bound round with iron hoops and packed in good strong gunny. No broken or damaged chests will be received. Each chest should contain 84lb of China tea, or 80lb of Indian tea, and should be marked 80 or 84lb net, as the case may be. A certain number of the chests will be opened and examined by a committee to ascertain that they contain not less than the weight represented, dependent on which examination they will be taken to contain the net weight marked thereon.

7. The quality of tea to be subjected to the approval of, or rejection by, a committee to be appointed at the request of the Commissary-General by the Officer Commanding the District, and payment will be made for such quantity only as may be approved of by the said committee.

8. Samples of tea can be had on application at the Commissariat Office at Madras.

9. The Government reserve to itself the right of rejecting any tender without assigning any reason for so doing.

10. If the contractor makes default in delivering the whole of the tea on or before the 30th April 1883, so much of the security deposited by him as will reasonably compensate Government for such breach of contract will be liable to become forfeited to Government, but, if such contractor deliver a portion of the tea to be supplied according to his contract and makes default in delivering the remainder thereof, he shall be liable to pay to Government such reasonable compensation as Government may be entitled to for such breach of contract, and

any such compensation may, at the option of Government, be deducted either from the moneys payable to such contractor for the tea delivered by him or from the security which may be deposited by him.

11. All further information may be had and the form of tenders and contract deed inspected on application at the Commissariat Office at Madras.

12. Every tender not made in the required form will be rejected.

13. No person making a tender shall be allowed to withdraw his tender for the space of ninety days from the date thereof, and, in the event to his doing so, his deposit shall be forfeited to Government.

(By order of the Commissary-General.)

E. A. BRUCE, Major,

Dy. Assistant Commissary-General.

Executive Commissariat Office, Madras,

18th May 1882.

NOTE.—Tender forms can also be had on application to Calcutta Store and Shipping Executive.

Woodward (Estate) per Exectr. Mrs. Woodward, R. A. Wortley, Mrs. M. C. Wright by A. H. Wallis.

Mr. A. J. Milner having been voted to the Chair, the Secretary read the advertisement convening the meeting.

Proposed by Mr. S. Tremearne,  
Seconded by Mr. James Kimber—

That the Accounts and Balance-Sheet as revised be passed as correct, and the revised report of the Directors be accepted.

Carried.

Proposed by Dr. H. W. Jones,  
Seconded by M. J. Ralph—

That the shareholders are of opinion that it is desirable to reduce the capital of the Company as proposed by the Directors, who are authorized to take the necessary steps with that object.

Amendment,—proposed by Mr. G. C. Farr,  
Seconded by Mr. W. J. Simmons—

That the question of the reduction of the capital be adjourned to the next half-yearly meeting of the Company, and that the Directors be prepared at such meeting to place before the share-holders full particulars of the value of the moveable property of the Company, and an estimate of the costs incidental to the carrying out of the proposed reduction of the capital. The amendment being put to the meeting, was lost, and the original proposition carried.

Proposed by Mr. H. Mackintosh,  
Seconded by Dr. A. Solomon—

That a final dividend of 2 per cent., or Rs. 5 per share for the year ended 28th February 1882, be declared, payable on and after the 8th August next to share-holders whose names are on the Register on this date.

Carried.

Mr. Gregory's (the General Manager) matter was next brought forward. The Chairman stated under what circumstances the General Manager had obtained leave of absence for twelve months on full pay, and asked for the sense of the meeting as to further leave being granted if Mr. Gregory's health required it, or, in event of his returning to the country in comparatively restored health, whether his services are to be entertained again, or in the event of Mr. Gregory's resigning the service, whether a retiring bonus be granted him.

After a few remarks from two or three share-holders, the sense of the meeting was against granting an extension of leave or bonus.

Proposed by Mr. H. Mackintosh,

Seconded by Mr. J. H. S. Isaac—

That the Commission to the Secretary, and also to the Manager of one per cent. be calculated on the profits, after reduction of 3½ per cent. for the bad and doubtful debts of the year.

Carried.

Proposed by Mr. S. Tremearne,

Seconded by Dr. A. Solomon—

That the Directors be authorised to incur any necessary expenditure not exceeding fifteen thousand rupees for the improvement of the sanitation, water-supply, drainage, lighting, ventilation, and cleanliness of the hotel, and to make any additions and improvements to the block, which, in their opinion, may be desirable and proper.

Carried.

After a vote of thanks to the Chair the meeting separated.

(374—1)

A. J. MILNER, Chairman.

### The Indian Law Reports.

*Published under Authority of the Governor-General  
in Council.*

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series.—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

*Terms of subscription, payable annually in advance.*

Without postage. With postage.

### PUBLIC WORKS DEPARTMENT,—BENGAL.

#### DISTRICT ROAD FUND.

NOTIFICATION No. 312.

*The 1st August 1882.*

THE following annual accounts and abstracts of the reports of the Road Cess Committees of Dinagepore, Rajshahye, Rungpore, Bogra, Pubna, Darjeeling, and Julpigoree districts for the cess year 1880-81, together with the remarks thereon of the Commissioner of the Rajshahye and Cooch Behar Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

*Asst. Secy to the Govt. of Bengal, P. W. Dept.*

*Abstract of a report by the Chairman of the District Road Committee, Dinagepore, on the Committee's operations for the cess year 1880-81.*

THE Road Cess Act worked smoothly during the year, and the collections for the first three quarters were satisfactory; in the fourth quarter realization fell short of demand owing to Rs. 3,457-1-6 having been paid in October 1881, as the 28th September, which was the last day of payment, fell within the Doorga Poojah holidays.

There were 16 meetings of the Road Cess Committee held during the year, and the members are said to have taken an interest in their work.

Applications were made by several zemindars for grants for the improvement of village roads, and a large part of the expenditure under this head was made through their agency. Some of the village roads were also repaired through the agency of the police and District Engineer.

New trees have been planted on the Rungpore and Moorshedabad roads for some miles, and young trees, planted on various roads in previous years, have been carefully attended to.

All the roads in the district, with the exception of one, have been repaired as far as funds permitted.

The several establishments under the Committee have worked fairly well during the year under report.

*Explanatory memorandum to accompany the annual account for the cess year 1880-81.*

## RECEIPTS.

1. The principal cause of the shortness of collection under this heading was owing to Rs. 3,457-1-6 having been paid in October 1881, as the 28th of September, which was the last day of payment, fell within the Doorga Poojah holidays.

2. The total demand under this heading was Rs. 193, out of which Rs. 156-7 were collected during the year. Rs. 45-10-6 were realised in October, out of which Rs. 36-9 were the remaining demand of the year under report, and the rest realization of arrears of previous years.

## EXPENDITURE.

3. Salary for the month of September was paid on the 27th September 1881 on account of Doorga Poojah holidays, hence the expenditure under this heading exceeded the amount of budget allotment.

4. The excess in expenditure under this heading is owing to the payment of a part of the demand for the previous year (1879-80) having been made during the year under report.

5. The excess in expenditure over the allotment of the following roads has been charged against the savings of other roads, keeping the total allotment for works the same as shewn in the budget estimate—

	Rs.	A.	P.
Original works—			
No. 3. Rungpore road (Dinagapore to Khalahatee)...	430	3	4
Repairs—			
No. 3. Rungpore road (Dinagapore to Khalahatee)	211	8	9

„ 16. Peergunj to Raneesonkail road	55	8	7
„ 17. Dinagapore to Hemtabad road	13	5	6
„ 18. Kishengunj road	58	10	3
„ 39. Baloorghat to Pharseepara road	1	5	9

6. As the amount allotted for this road was not sufficient for its maintenance, nothing was spent on it.

7. As the serais were not used by travellers, no expenditure was necessary under this heading.

UMA CHURN BANERJEE,  
Vice-Chairman.

*Abstract of a report by the Chairman of the District Road Committee, Rajshahye, on the Committee's operations for the cess year 1880-81.*

THE road cess was levied during the year at the full rate, viz. one-half anna in the rupee. The Cess Act is not an unpopular one, as the people are coming to know that the money levied from them under it is spent entirely on roads for their good.

The attendance at the meetings of the District Road Committee is not unsatisfactory. Most of the members took great interest in the administration of its funds. The working of the Branch Committee at Nattore was satisfactory.

Due attention was given by the Committee to village roads, the sum spent on which amounted to Rs. 3,787. The village road works were satisfactorily executed through headmen and police.

Two thousand eight hundred and eight fruit-trees were planted out on the entire length of the Beaulah to Nattore road. Two other roads were also planted out.

The general condition of most of the bridges and fair weather roads in the district is on the whole good.

The Committee's establishments discharged their duties satisfactorily.

L. HARE,

for Chairman, Road Cess Committee, Rajshahye.

*Explanatory note to accompany the annual accounts for the year 1880-81.*

1. The excess expenditure over budget grant for administration establishment and contingencies has been met from the reserve fund and from the savings of the budget grants for "stationery" and "establishment and contingencies," Provincial rates.
2. The total budget grant for "original works" has not been exceeded by the expenditure incurred thereon. The excess expenditure over budget grant for any one work has been met from the savings of the grant for any other.
3. The same remarks applies to "repairs."
4. The excess expenditure over the budget grant for "establishment," Public works, has been met from the savings of the grant for "original works."
5. The sum of Rs. 100, expended as contribution to the municipality of Beaulah, will be recovered and refunded to the District Road Fund in April next, the Magistrate and the Chairman of the municipality having promised to pay the same in April.

L. HARE,

for Chairman, Road Cess Committee, Rajshahye.

*Abstract of a report by the Chairman of the District Road Committee, Rungpore, on the Committee's operations for the cess year 1880-81.*

THE state of public feeling as to the Cess Act is satisfactory. All classes acknowledge the benefits conferred by it, but the lower classes attach an undue importance to the repair of their village roads, and are sometimes inclined to undervalue the advantages derived from the more important lines of communications.

Some delay occurs in realizing arrears owing to the large number of notices to be served on co-sharers. The proportion of collection to demand gives a percentage of 100·03—a better result than that attained last year.

Seven non-official members of the Road Committee ceased to be members under the operation of section 115 of the Act. Their places were filled up by the appointment of others, and the attendance was on the whole satisfactory.

There were five meetings of the Branch Committee during the year, all of which were attended by more than half the number of members. With one exception all the members of the Branch Committee took an active interest in the proceedings.

Sums were entrusted, as far as possible, to landholders or non-officials for expenditure on village roads. In some cases these private persons assisted with money and labour. Applications for the repair of particular roads were frequently made and complied with as far as funds allowed.

In addition to 3,843 fruit-bearing trees, chiefly mango and jack, planted out on 15 roads in the previous years, 3,449 trees have been planted on four new roads during the year, making a total stock of 7,292 trees in the district.

The present condition of the roads in the district is exceedingly disappointing, as the great majority of them are still quite impassable except for foot traffic owing to the existence of treacherous bamboo bridges thereon.

The different establishments under the Committee have on the whole worked well and satisfactorily.

*Abstract of a report by the Chairman of the District Road Committee, Bogra, on the Committee's operations for the cess year 1880-81.*

THE Cess Act has worked smoothly in this district, the total collections being 96.4 per cent. on the current demand.

Necessary repairs were done to the principal roads, which were rendered fairly passable for general traffic. Improvement to some of the village roads was made by official and non-official agencies. Most of the gabions for the protection of young trees planted on roadsides were repaired and some renewed, and the plants destroyed on the Rungpore road re-planted.

The different establishments under the Committee have done their work well with the exception of the District Engineer, who has not given satisfaction.

*Abstract of a report by the Chairman of the District Road Committee, Pubna, on the Committee's operations for the cess year 1880-81.*

THE new Cess Act, IX (B.C.) of 1880, came into operation from the commencement of the year. The principal change introduced by the new Act was in the realization of arrears under the certificate procedure, which has resulted in rather delaying than otherwise the collections. No complaints connected with the Act have been made except with reference to demands for payment of arrears; and the nature and object of the cess are now becoming thoroughly known.

The full number of members of the District Committee was 28, and the average attendance seven. The Branch Committee consisted of 11 members; their meetings have been regular, and the proceedings shew that the Committee took a proper interest in their work.

The grants for village roads were spent in some sub-divisions by the Branch Committee and in others by the headmen in villages.

Rupees 445 were spent on account of planting trees in the year. With this sum, about eight miles of the Tantibund road, and the same length of the Serajgunge road, section I, were planted with fruit and other trees. Something was also done on two roads in the Serajgunge sub-division, and the trees planted out in previous years on the road to Sara were looked after.

The repairs of the district roads were well done under the direction of the District Engineer.

The different establishments under the Committee have on the whole worked well, with the exception of the sub-overseer in the Serajgunge sub-division with whose work the Chairman was not perfectly satisfied.

TAJUMUL ALLY,  
Vice-Chairman, District Road Cess Committee, Pubna.

*Explanatory memoranda on the Road Fund Annual Accounts for 1880-81.*

In Government, Public Works Department resolution No. 1786RC, dated 22nd August 1881, reviewing the estimates of receipts and expenditure of the District Road Fund of the districts of the Rajshahye Division for the year 1880-81, the budget allotment for establishment and contingencies of Committee's office is shewn to be Rs. 1,215: in the accompanying annual accounts it is shewn as Rs. 1,515. The increase is due to the transfer to this head of Rs. 300 sanctioned in Commissioner's letter No. 19PW, dated 23rd April 1881.

2. In the Government resolution above cited, the allotment for original works is shewn to be Rs. 29,894 and in the annual accounts it is Rs. 30,546. The increase is owing to the transfer from this head of Rs. 7,336, and to this head of Rs. 7,988 = (29,894—7,336 + 7,988). The transfers sanctioned in Commissioner's letters No. 378PWct., dated 17th November 1880, No. 362PW, dated 7th March 1881, No. 19PW, dated 23rd April 1881, and No. 189PWct. of 9th July 1881.

3. Under the head of "Repairs" the Government resolution shews Rs. 14,557 and the annual accounts Rs. 16,201. The increase was caused by transfers sanctioned in Commissioner's letter No. 378PWct. of 17th November 1880, No. 19PW of 23rd April 1881, and No. 189PWct. of 9th July 1881.

4. The Government resolution shews Rs. 9,162 under "Establishment," and the annual accounts Rs. 10,734. Rs. 1,572 was transferred to this head during the year to meet the expenses of the Divisional Superintendent—vide Commissioner's letter No. 189PWct. of 9th July 1881.

5. In form C of the schedule of disbursements for September 1881, the transfers shewn in red ink in the column "Budget estimate for the year" are +278—867 against "Original works." These should be (—7,336+7,988) as shewn in the annual accounts. The transfers sanctioned in the latter part of the year were by inadvertence omitted to be shewn in the schedule.

TAJUMMUL ALLY,

*Vice-Chairman.*

*Abstract of a report by the Chairman of the District Road Committee, Darjeeling, and of the Vice-Chairman, Terai Branch Committee, on the Committees' operations for the cess year 1880-81.*

THE collections of cess fell short of 95 per cent. of the demand for the year.

Five meetings of the District Committee were held at Darjeeling. In the Terai there were altogether five meetings of the Branch Committee. The members of both the Committees are said to have taken great interest in their work.

Five village roads, aggregating 17 miles in length, were repaired during the year at a cost of Rs. 991½.

The planting of fruit-trees was continued on the roads from Phansidewa to Kharibari and Phansidewa to Matigara, and four-and-a-half miles have now been planted with jack and mango trees.

The Terai Branch Committee exercised during the year independent powers under section 165 of the Road Cess Act. Since the close of the year under report, those powers have, however, been withdrawn from them by Government for the better administration of the fund.

The District Committee have hitherto been without any professional staff, and were entirely dependent for carrying on works and repairs upon the exertions of the tea-planters. The Committee have now been able to engage an overseer, who has had considerable experience elsewhere.

D. NORTON,

*Vice-Chairman, Terai Branch Road Cess Committee.*

*Abstract of a report by the Chairman of the District Road Committee, Julpigoree, on the Committee's operations for the cess year 1880-81.*

THE mass are indifferent with the road cess. Tea-planters and others, who are more or less interested in at least particular roads, think that the cess is not spent to the best advantage.

There were 25 members composing the District Road Committee, of whom seven were official and the rest non-official, and nine meetings were held during the year.

A sum of Rs. 1,000 was allotted for the repairs of village roads, of which Rs. 261 only were expended on surface repairs, which are said to have been carried out in a manner far from satisfactory.

Indian-rubber trees have been planted out on the sides of the Julpigoree and Dalimkote road, and they are growing well. As an experiment, 100 young rain-trees have been planted during the year on the Phoolbari road, and more will be planted should the experiment prove successful.

All the roads in the district were kept open for traffic throughout the whole year as far as the funds admitted.

The several establishments under the Committee have done their work satisfactorily.

PREO NATH BANERJEE,  
Vice-Chairman.

No. 27PWGt., dated Darjeeling, the 19th April 1882.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye and Cooch Behar Division,

To—The Secy. to the Govt. of Bengal, P. W. Dept.

I HAVE the honour to submit in original the district road fund annual reports and accounts of the districts of this division for the cess year 1880-81.

2. The reports from six districts were received in my office within the prescribed date for their submission, but I regret to say that the report and accounts of the Darjeeling Committee were six weeks late, and the accounts had to be returned. The revised accounts were not received till 30th March 1882, and this has delayed the submission of this report.

3. The Chairmen have all prepared their reports in a satisfactory manner, and in accordance with circular No. 973A of 4th September 1880.

4. The new Cess Act, No. IX (B. C.) of 1880, came into operation at the commencement of this cess year. All the Chairmen report that it has worked smoothly, and that its objects are now understood and appreciated. The expenditure on village roads, to which greater attention has been given during the year in all the districts, has contributed in a great measure to its popularity, and though there are complaints about the state of the roads during the rains, where the soil is clay and not sand, I am glad to be able to say that during the dry season the

general condition of the roads has improved considerably, owing to the repairs being now in many cases promptly executed after the rains cease, and this the cess payers duly appreciate.

5. The collections were generally easily made in all the districts; but in Pubna there was a slight difficulty in getting in the arrears. In Dinagepore there was a falling off in the collections of the last quarter. In Rungpore the proportion of collection to demand was 100·03—a better result than has been obtained in previous years. In Darjeeling, I regret to say, the collections fell short of 95 per cent. on the demand, owing to the following cause:—In order to prevent the arrears outstanding from 1877-78 being barred by limitation, the cess office had to be fully occupied in issuing notices, &c., for their speedy realization of those arrears, and the time thus taken up told very seriously against making current collections.

6. The Chairmen report favourably of the attendance of members of the Sudder Committees, and that fair interest was evinced by them in the disposal of funds and general working; but in Pubna, as will be observed from the returns submitted, nine members never attended any meeting, and the cause of this is not stated. The Branch Committees of Nattore in Rajshahye worked satisfactorily, the members of the Gyabanda Branch Committee with one exception took an active interest in the proceedings; and the Darjeeling Terai Branch Committee held five meetings in the year, and all the members took an active interest in the general administration of the road cess.

7. The establishments of the different Committees are reported to have worked well, except Bogra, where the Chairman remarks that the District Engineer has not given satisfaction.

The District Engineer of Pubna, Baboo Baynee Madhub Chuckerbutty died of cholera and some months passed before another Engineer was appointed. The subordinates of the different Committees, taken as a whole, have worked well and satisfactorily.

In Darjeeling, the tea-planters, and specially Mr. Johnston, have done good service in the supervision of roads and construction of bridges. The Terai Committee have lately obtained the services of an experienced Overseer, and better results may be looked for.

8. In the Dinagepore district, several applications were made by zemindars for the improvement of village roads, and a large proportion of the expenditure on such roads was made through their agency, the Police Department and the District Engineer helping. In Rajshahye the expenditure, through the agency of the police and headmen of villages, amounted to Rs. 3,787, and the Chairman reports the work done to be satisfactory. In Rungpore the expenditure was satisfactory, and it is stated that the advantages resulting from village road grants were considerable, and duly appreciated by the people. In Bogra the improvement of village roads was attended to by both officials and non-officials. In Pubna Rs. 2,993 were spent on village roads, and about Rs. 2,000 more on subsidiary roads communicating directly with large villages. In Julpigoree, out of an allotment of Rs. 1,000, only Rs. 260·13·6 were spent. This unsatisfactory result being due to the work being done by the Engineer establishment; but if the police in leisure hours, and the headmen of villages (or the jotedars who answer to the headmen) are encouraged to take an interest in the work, as is done in other districts, a better result is pretty sure to be obtained. In the Darjeeling district 17 miles of village roads were repaired, at a cost of Rs. 991·9·4.

9. In Dinagepore young trees were planted on the Rungpore and Moorshedabad roads for some miles, and those planted in previous years were attended to. In Rajshahye 2,808 young trees were planted on the Nattore road, and more on other roads. In Rungpore there are now 7,292 fruit trees, chiefly mango and jack, distributed over 19 lines of road, in thriving condition. In Bogra attention seems to have been chiefly devoted to replacing tree gabions that were broken, and to replacing trees that had not thriven. In Pubna Rs. 445 were spent under this head on eight miles of road, and all trees previously planted were cared for. The Chairman remarks that this branch of work has made a satisfactory start. In Julpigoree little or nothing has been done, and only Rs. 52 expended out of an allotment of Rs. 200. As an experiment 100 young rain trees (*pethecolobium soman*) have been planted during the year. In the Darjeeling district trees can only be satisfactorily planted in the Terai, and two roads of about 4½ miles have been planted out with mango and jack.

10. *Dinagepore*.—Under this head the works consisted of the continuation of the metalling and bridging of the Rungpore road. The works on this road have now been stopped, as the railway is being extended to Dinagepore; but as materials had been collected, one bridge of 12 feet span, and one of three openings of 15 feet, were completed. On the Bogra road the Echamutty bridge was completed, with the exception of the roadway planking. On the Moorshedabad road four culverts were built, and a sum of Rs. 5,500 was contributed towards the construction of three timber bridges over the drainage canal.

*Rajshahye*.—The expenditure on this class of works was Rs. 65,377, and nearly the whole of that amount was spent on the Nattore road. One iron screw pile bridge with timber beams and platform over the Narad river at the 7th mile, was erected; and two masonry bridges and several timber ones were either completed or entirely constructed, so that the only gap on this road is at the 20th mile, viz. at Jhallmullia Ghat. A design for bridging this stream was submitted, the estimate amounting to about Rs. 90,000; but as the Committee could not contribute anything towards the construction of the bridge,
